

Name: POLYTECH STRETCH jacket	Code: MC574402	MC57 CLOTHING - POLYTECH SERIES
--------------------------------------	-----------------------	--

Description

Jacket in Twill 74% cotton, 22% polyester, 3% elastan, 1% conductive fibre, 280 g/m²; contrasting fabric in 75% cotton, 24% polyester, 1% conductive fibre, 280 g/m². It features a Chinese collar with Velcro for neck protection, concealed front zipper closure, three-dimensional chest pockets with flap in contrasting colour and Velcro, elasticated cuffs and reflective inserts on chest and elbows.

THE JACKET SHALL BE WORN IN COMBINATION WITH THE TROUSERS.

- The stretch fabric make it extra comfortable.
- The Polytech series is made with a multi-purpose fabric that combines antistatic properties with resistance to flames, heat and chemical products.
- Thanks to its features it is multi-purpose, practical and resistant, breathable and comfortable.

The product is designed and manufactured to comply with the requirements of Regulation (EU) 2016/425 and subsequent amendments.

Quantity/Carton 20	EC Standards	Important Information Read the instructions carefully before use. Store in a cool, dry place, away from heat sources and away from light. Before each use, carry out a visual check to ensure that the device is in perfect condition, undamaged and clean, and replace it if it is not intact. Garments offer protection only for the part of the body actually covered and must therefore be integrated, depending on the intended use, with suitable PPE to protect exposed parts of the body (head, hands, feet). Where necessary, use appropriate respiratory and eye protection. The safety features indicated are only respected if the device is regularly worn and fastened and in perfect condition. Follow the recommended washing instructions. Storage and cleaning
