- Technical pocket on the left, allows you to store bulkier items without the risk of them falling out;
- Closed pocket with zip on the right, with pen holder in contrasting colour, to ensure quick and easy access to smaller items;
- Back pocket on the right closed with flap in cationic fabric in contrasting colour and Velcro;
- Elasticated side inserts at the waist allow maximum freedom of movement without restriction.
- Stretch fabric allows dynamic postures to be adopted during work activities without subjecting the operator to additional stress.
- Triple interlocking stitching with contrasting thread on the central seam at the points most subject to stress and wear to ensure greater strength and durability.

Work trousers made from multipurpose fabric, designed to ensure maximum safety, comfort, and functionality in everyday work environments where practicality is essential. The high percentage of cotton, combined with technical fibres and stretch fabric, helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising on strength and mechanical resistance. The stretch fabric, combined with elasticated side inserts at the waist, promotes freedom of movement for the wearer, allowing them to adopt dynamic postures during work activities. The triple interlocking seams guarantee high wear resistance, ensuring superior durability even under intensive use. The 3 pockets make it functional and practical, allowing you to always have essential tools and items close at hand while working.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.

The OEKO-TEX® certificate of the main outer fabric is under review.
