<b>Name: BADGER sweatshirt</b>	<b>Code: MC3155Q5</b>	<b>MC31 CLOTHING - WINTER KNITWEAR</b>
--------------------------------	-----------------------	--

**Description**

FABRIC: 70% polyester, 25% rayon, 5% spandex, weight 320 g/m

- Zip fastening;
- High windproof collar to protect the front of the neck;
- hand warmer pockets for quick and easy access to small items;
- Reflective inserts on the sleeves.

Work sweatshirt made from a three-layer fabric: the polyester component ensures rigidity and shape retention, while the rayon component preserves its softness. In addition, advanced spinning technology is used to make the fabric lightweight without compromising its structural integrity. The zip-up collar offers greater operational safety and a clean finish, as well as extra protection for the front of the neck. This protection is enhanced by the high windproof collar. Reflective inserts on the sleeves increase the operator's visibility, improving safety during work activities. The pockets make the garment practical and functional.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 as amended.

certified
