

Liza electrica Hybrid Functioneaza si manual cat si electric

**Pompa hidraulica-
ridicare manuala**

**Maneta inteligenta,
operare cu o singura
mana,**

**Acumulator Li-Ion 48V/10Ah
2000 cicluri cu 80%
capacitate reziduala**

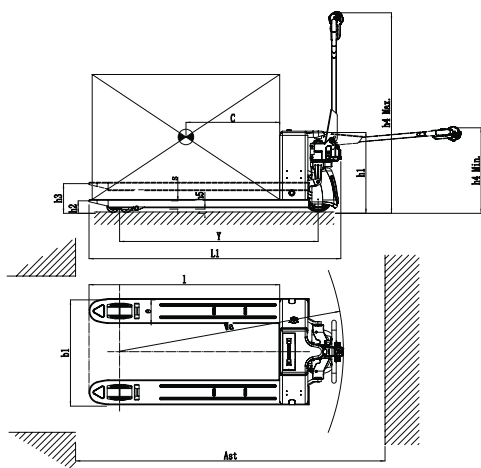

**Motor Brushless
Performanta si
eficienta ridicata**

**Tehnologie patentata, conversie
manual/electric rapida**

Specificatii

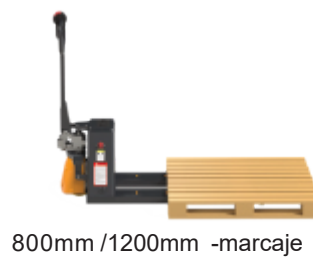

T20 - transpalet semi-electric

1	Dealer		Logistic Shop
2	Model		T20
3	Deplasare		Electric / Manual
4	Ridicare		Manual
5	Operare		Pedestru
6	Capacitate de incarcare	Q	2000kg
7	Centru incarcaturii	C	600mm
8	Ampatament	Y	1202mm
9	Greutate		106/110kg
10	Inaltime	h1	522.5mm
11	Inaltimea furcilor (coborate)	h2	80mm
12	Inaltime de ridicare	h3	200mm
13	Inaltimea manetei	h4	560mm~1280mm
14	Capacitate de trecere	h5	27mm
15	Lungime	L1	1546mm
16	Latime	b1	540mm
17	Dimensiuni furci	L	1150mm
		S	53mm
		e	160mm
18	Raza de intoarcere(Min.)	Wa	1352 mm
19	Latime culuar ptr paleti 1000x1200	AST	1980mm
20	Latime culuar ptr paleti 800x1200	AST	1880mm
21	Motor deplasare		0.75kw Brushless
22	Viteza deplasare (incarcut/descarcut)		4.2/4.5km/h
23	Panta max (incarcut/descarcut)	%	8%/20%
24	Frana		Electromagnetic
25	Motor ridicare		N/A
26	Incarcator acumulator	A	48V/5A
27	Acumulator Tensiune/capacitate	V/Ah	48V/10Ah Li-ion

- Performanta ridicata la un cost mic
- **S**chimbare mod lucru electric/manual
- **M**otor AC fara perii, fara intretinere
- Panta de urcare de 8%

- Marcaje pe furci pentru paleti cu lungimea 800/1000/1200 mm
