Barry Callebaut lucrează cu cea mai recentă versiune a standardului ISO a metodelor de referință, așa cum poate fi găsită pe site-ul web al Organizației Internaționale de Standardizare <http://www.iso.org>

Metode alternative sunt, de asemenea, utilizate în locul standardului ISO de referință după validarea prin schema ISO 16140 de către un organism de referință recunoscut internațional (AOAC, Microval, AFNOR, de exemplu) și un studiu intern de validare gratuit asupra matricelor de cacao și ciocolată.
