Notes

Please don't worry about the smell of this item, because it's non-toxic. Please put this item in a ventilated place for a while, thus this smell will disappear.

Please avoid prolonged sun exposure, or the product will fade.

Please keep this item away from sharp objects in case of being damaged.

The maximum static load of this stool is 300 kg (660 lb). Please don't sit down violently and suddenly, as well as kneel down on it.

Please don't rock and shake violently when you sit down on this item, or its lifespan will be shortened.

If there is any stain on this item, please wipe out with a wet towel, then dry it quickly in case of deformation, discoloration and mildew.

This item is not a toy! Children are not allowed to climb on or play with it for safety.

Because of the material of this item, the camera angle and the computer screen, there may be some discrepancy between the item shown on website and the actual one.

Please don't dismantle or change the structure of this stool as you like in case of damaging this stool or causing accidents.
