SAFETY INFORMATION

- Never open more than one drawer at the same time, otherwise the workshop tool case may tip over.
- Close and lock all drawers before moving the workshop tool case.
- Do not stand or sit on the workshop tool case or its drawers as there is a risk of tipping, falling or injury.
- Do not place the workshop tool case on a vehicle loading platform or other movable objects, without fixing the workshop tool case.
- Carry the workshop tool case exclusively by the side handle provided for this purpose.
- Never load the workshop tool case and its drawers with a higher load than specified in the "Specifications" (weight capacity) section.

INTENDED USE

This workshop tool case is used for storing tools, observe the maximum load capacity and drawer dimensions.

MAINTENANCE / SERVICING

- Grease the upper and lower channels of the drawer runners at least twice a year.
- Clean the workshop trolley with a soft cloth and for example washing-up liquid when required; aggressive cleaning agents can damage the surfaces.
