

# CONVERTER 1000

- Power inverter converter transforms 12VDC in 230VAC. Continuous output power 1000W. With universal 230VAC socket.
- Ideal for powering and charging electronic equipment in cars and camper vans.
- Protection against pole inversion and overcharging.
- Strong and compact.

## DESCRIPTION

12V DC - 230V AC power inverter ideal for power supply by car or camper, of rasors, LCD or plasma TV, halogen wall lamps, hammer drills, polishing machines, electrical tools in general and for recharging batteries of lap top, pda, digital cameras, videocameras, mobile telephones etc. When connected to the cigar-lighter outlet, it converts the 12V voltage of the battery into 230V.

It is protected against polarity reversal and overloads.
