KNIPEX Cobra® XS

87

Grips like a big tool: The smallest water pump pliers in the world with full functional capability

- ▶ Compact design and slim head provides firm grip even in tight spaces
- ▶ One-handed quick adjustment for fitting various workpiece sizes
- ▶ Secure gripping capacity up to 1"

- > Box-joint design provides high stability
- > Gripping surfaces with special hardened teeth
- > Self-locking on pipes and nuts: no slipping on the workpiece and low hand-force required
- > Pinch guard prevents fingers being pinched
- > 11 adjustment positions

The KNIPEX Cobra® Family has grown

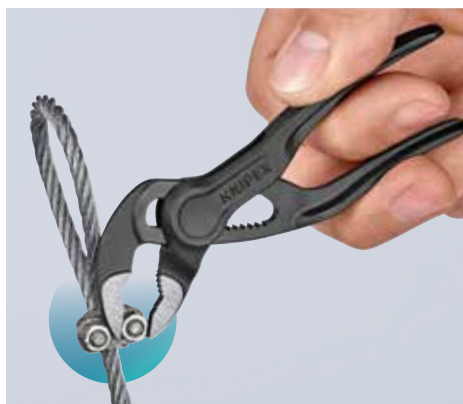

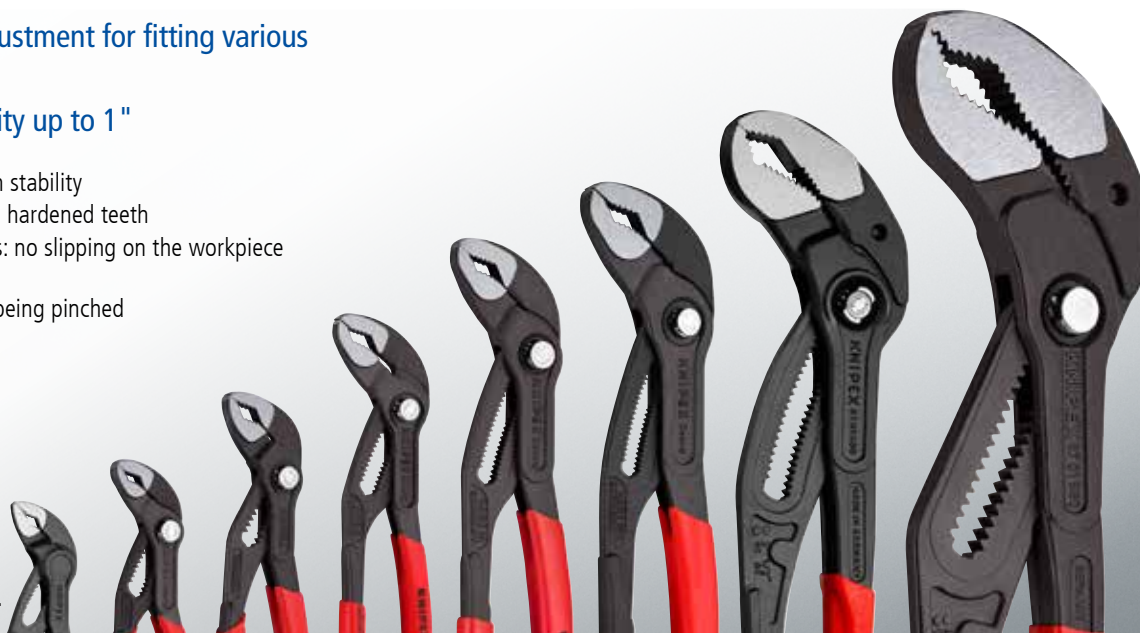

In every size: perfect for gripping, holding, pressing, and bending with the ingenious self-locking effect.

NEW
PATENTED

The slim head provides firm grip even in tight spaces

Work with only one hand to open, slide on the workpiece, and push top jaw down with your finger

Self-locking and durable - can handle substantial force applied on handle when locked in place

Part Number	↔		Pliers	Head	Handles	Adjustment Positions	○		⬡		⚖
	inch	mm					Ø Inch	mm	Ø inch	mm
