4	Tensioner Adjusting Wrench	1.0 - 1.2 - 1.4	T10499
5	Camshaft Setting Plate	1.2 - 1.4	T10494
6	Assembly Tool	1.2 - 1.4	T10487

SAFETY ADVICE

- Be careful when working on hot engines – risk of burn!
- Be careful when working on running engines. Loose clothes, tools and other things can be caught up in revolving parts which may lead to serious injuries.
- Remove the ignition key before repair so that the engine will not start unintentionally.
- ***This manual is just brief information and will not replace a workshop manual.*** Always consult specific service literature for information about torques, assemblies and disassemblies etc.
- After any successful maintenance and before starting the engine, you should rotate the engine for two turns manually to check the new control time..
