L'eleganza della posata si misura quando le forme del cucchiaio, la forchetta, il coltello ed il cucchiaino si fondono armoniosamente, nel rispetto delle dimensioni, creando la perfetta armonia sulla tavola, dove ogni pezzo vive e lavora insieme.

The elegance of the cutlery is measured when, table spoon, table fork and table knife, together with the teaspoon, are harmoniously tied, with respect to their dimensions, creating the perfect harmony on table, where each piece lives and works together.

Non esiste un coltello per tutte le funzioni: come lo chef utilizza un coltello diverso a seconda dell'alimento da lavorare, anche a tavola ogni pietanza possiede lo strumento più adatto per gustarla.

There is no knife for all functions, as the chef uses a different knife depending on the food to be worked even at the table each dish has the most suitable tool to enjoy it.

Il n'existe pas de couteau multifonctions. Comme le chef de cuisine qui possède un couteau pour chaque produit, la table offre aussi des couteaux spécifiques répondant à des utilisations particulières.

Es gibt kein Messer für alle Funktionen. So wie ein Chefkoch für unterschiedliche Zubereitungsarten auch unterschiedliche Messer benutzt, hat auch jede Speise auf dem Tisch das richtige Messer verdient.

No existe un cuchillo para todas las funciones. Como el chef utiliza un cuchillo diferente a segunda del alimento que está trabajando, así en la mesa cada plato tiene el instrumento más apto para saborearlo.

A differenza del carbone, le pietre laviche rilasciano il calore molto lentamente e possono mantenere il cibo in cottura, senza cuocerlo eccessivamente

Unlike charcoal, lava stones release the heat very slowly and can cook food without over-cooking.

# Ambiente Environment

Da molti anni MEPRA si preoccupa della salute dei lavoratori e dell'ambiente e dell'uso sostenibile delle risorse ambientali, spesso decenni prima delle normative europee sul lavoro e sull'ambiente. Mepra investe e punta su attrezzature sempre più sicure, cercando materiali e prodotti ausiliari sempre meno pericolosi, per garantire la sicurezza e la salute dei lavoratori e della comunità in cui opera.

Mepra rifiuta categoricamente tutte le forme di lavoro minorile e investire ogni giorno per offrire alle nuove generazioni un futuro migliore, lavorando con le università e Scuole secondarie della comunità locale per formare i dirigenti e i tecnici del futuro e per portare avanti la cultura, i valori e le competenze di lavoro che rappresentano una delle caratteristiche del distretto industriale in cui opera l'azienda.

#### **Garanzia a vita**

In Mepra, ci impegniamo non solo per la qualità ma anche per la sostenibilità. Quando acquisti un prodotto da noi, stai facendo un investimento in un prodotto che è stato progettato per durare una vita. Comprendiamo che questo approccio possa sembrare insolito in un mondo di beni usa e getta, ma crediamo nella riduzione degli sprechi e nella promozione di un futuro più sostenibile. Offrendo prodotti costruiti per durare, stiamo contribuendo a ridurre al minimo l'impatto ambientale della sostituzione costante e della cultura dello scarto.

Since many years MEPRA cares about the health of workers and the environment and sustainable use of environmental resources, often decades ahead of European regulations on labor and environment. Mepra invests and focus on safer and safer equipments, looking for materials and auxiliary products less and less dangerous, to guarantee safety and health of the workers as well as the community within which it operates.

Mepra categorically rejects all forms of child labor and invest every day to offer the new generations a better future, working with universities and secondary schools in the local community to train managers and technicians of the future and to carry-on work culture, values and skills that represent one of the characteristics of the industrial district in which the company operates.

#### **Lifetime products**

At Mepra, we're committed not only to quality but also to sustainability. When you purchase a product from us, you're making an investment in a product that's designed to last a lifetime. We understand that this approach might seem unusual in a world of disposable goods, but we believe in reducing waste and promoting a more sustainable future. By offering products that are built to endure, we're helping to minimize the environmental impact of constant replacements and throwaway culture.
