1
Stick this printable
onto card before cutting
out each piece. Next
paint a toilet roll white
and leave it to dry.

Here's one we made!

2
Ask a grown-up to
carefully cut 4 slits into the
base of the toilet roll and 2 in
the top, large enough for each
tab to slot into. Then glue the
heads and tails together
before slotting them into
the toilet roll.

3
Draw around the base
template twice onto card.
Next, cut out the 2 bases and
glue your lolly sticks onto them
as we have above. Finally, slot
the sticks into the bottom
of the toilet roll and
get rocking!
