SCOPUL JOCULUI

Scopul jocului este de a securiza fiecare astronaut pe stația lui spațială, în timp ce urmați instrucțiunile date.

CONTINUT

- 1 tablă de joc • 7 piese astronaut
- 12 stații spațiale • 1 cruce roșie • 30 de cărți de provocare dublu fațetate

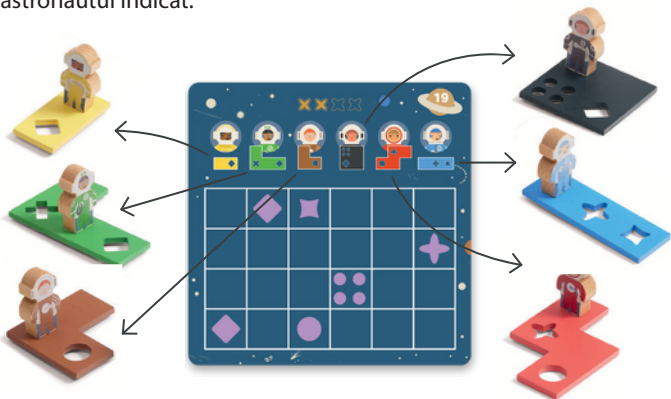

CUM SE JOACĂ

Poziționați tabla de joc în fața dvs.

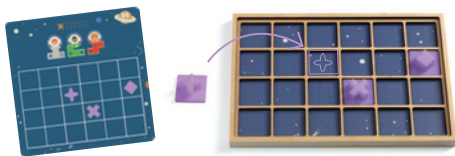

Alegeți o carte de provocare.

Nivelul de dificultate este indicat de următorul simbol: 

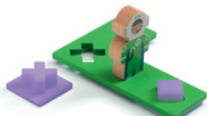

Luați astronautul indicat.

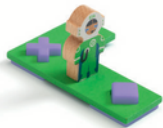

Poziționați stațiile spațiale așa cum este indicat.

Crucea roșie nu este o stație!
Este o zonă interzisă.

Fiecare piesă astronaut are decupaje în
forma stațiilor spațiale.

Un astronaut trebuie să fie prins de una din cele două
stații posibile pentru el.

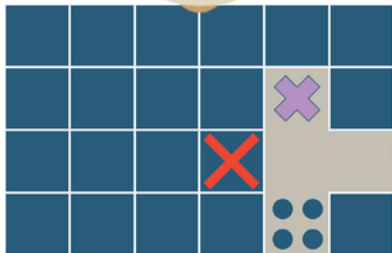

• Poziționați astronautul pe tabla de joc astfel încât fiecare astronaut este prins de una dintre stații, fără a se suprapune și fără a depăși marginile tablei de joc.

Exemplu:

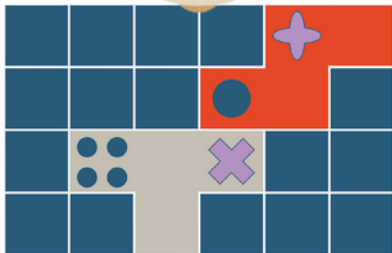

Există o singură soluție pentru fiecare provocare.
Acestea se găsesc pe următoarele pagini.
