🏠 Home & Spa Ready | 🌬️ Optimized Dispersion | 🧘 Holistic Well-being

# Ingredients

Natural raw materials have an essential role to play in the development of cosmetics that not only offer tangible benefits for skin and hair, but also respect the principles of sustainability.

## ACTIVES

High-performance bioactive molecules and clinical extracts designed to deliver visible results and innovation in skin and hair care formulations.

✓ Acids & Clinical Solutions: Natural BHA (Salicylic Acid) for advanced cellular renewal, Azelaic Acid for even skin tone, and skin-identical Ceramides for lipid barrier restoration.

🌿 Naturally Derived | 💧 High Biocompatibility

## VITAMINS

Essential nutrients and advanced antioxidants formulated to brighten the complexion, repair the skin barrier, and stimulate cellular regeneration.

✓ Vitamin C Innovation: We offer high-performance stabilized derivatives such as Ascorbyl Glucoside, MAP, and the oil-soluble THDA, excellent for collagen synthesis and photoprotection.

☀️ Brightening Effect | 🛡️ Antioxidant Protection | 🧪 Stabilized Forms

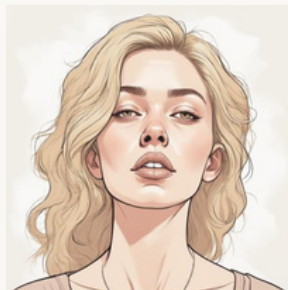

## PEPTIDES

High-end amino acid complexes designed to signal cellular renewal, stimulate collagen synthesis, and deliver targeted well-aging results.

✓ Well-Aging & Skin Remodeling: Peptide-coll Concentrate (a powerful collagen booster) and Peptidelin Concentrate (offers a Botox-like effect to relax facial muscles and reduce fine lines).

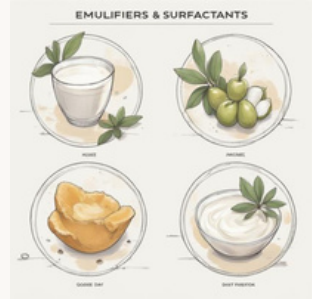

🦋 Cellular Renewal | 💧 Collagen Booster | 🧑‍🦰♀️ Follicle Stimulator

## EMULSIFIERS, SURFACTANTS

High-performance, naturally derived functional ingredients designed for formulation stability, superior sensorial profiles, and mild, sulfate-free cleansing.

✓ Innovative Emulsion Technology: We offer advanced solutions like Emulsifier Vegemuls for building biomimetic lamellar emulsions, Emulsifier Alfa for efficient cold-process formulations, and Emulsifying Olive Wax for rich W/O creams and SPF.

🌿 Biomimetic Structures | 🍷 Sulfate-Free Solutions | 🌱 Plant-Based Sourcing

## FUNCTIONALS

Essential performance boosters and formulation modifiers that elevate product stability, enhance sensory profiles, and deliver targeted mechanisms of action.

✓ High-Tech Modifiers & Humectants: Propanediol (a skin-friendly, natural alternative to petroleum-based glycols), Pentiol Nat (multi-functional, natural pentylene glycol), and Sodium Lactate for strengthening the skin barrier.

⚙️ Formulation Enhancers | 🌱 Eco-Friendly Alternatives | 💧 Advanced Humectants

## WAXES, GUMS

Natural rheology modifiers and texturizing agents, essential for stabilizing emulsions and achieving a premium sensory profile.

✓ Natural Gums & Gelling Agents: Xanthan Gum (transparent grade for perfectly clear aqueous solutions), Acacia Gum (glycoprotein-rich biopolymer for adhesion), and HEC Gum (sustainable, non-ionic cellulose derivative).

💧 Advanced Stabilization | 🌱 100% Plant-Based | ✨ Enhanced Sensoriality

# Ingredients

Natural raw materials have an essential role to play in the development of cosmetics that not only offer tangible benefits for skin and hair, but also respect the principles of sustainability.

## PRESERVATIVES, ANTIOXIDANTS

Broad-spectrum protection and stabilization agents designed to ensure microbiological safety, prevent oxidation, and extend the shelf-life of your formulations.

✓ Clean & Approved Preservation: Cosgard (Ecocert/Cosmos approved broad-spectrum protection), LeucoGard (all-natural, radish fermentation-derived for sensitive skin), and Fragard (plant-derived inhibitor for preservative-free claims).

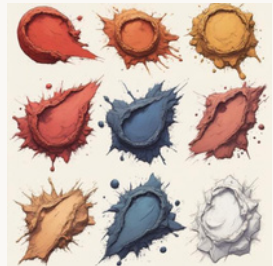

🛡️ Broad-Spectrum Safety | 🌿 Ecocert / Cosmos Approved opt. | ⏳ Extended Shelf-Life

## NATURAL PIGMENTS, COLORS

Pure shades and high-performance mineral pigments for formulating vibrant, authentic, and safe color cosmetics.

✓ Versatile Color Spectrum: From matte reds and navy blues to pearlescent bronzes (Antique Gold, Copper) and shimmering MICA pigments (Sparkle White, Diamond White), ideal for makeup, soaps, and lotions.

🎨 Vibrant Color Payoff | 🏔️ Mineral & Botanical Origin | ✨ Easy Dispersion

## NATURAL FRAGRANCE OILS

100% plant-based, concentrated aromatic blends and authentic extracts designed to elevate the sensory experience of natural cosmetics and perfumery without synthetic chemicals.

✓ Sophisticated Floral & Fine Fragrances ✓ Gourmand & Fresh Profiles

🌸 100% Plant-Based Origin | 💧 Highly Concentrated | ✨ Allergen-Optimized Profiles
