

POLYMAKER™ PETG

Your Go-To High Speed PETG

KEY FEATURES

Fast extrusion, a clean surface finish, and high layer adhesion. Useful printing at it's finest.

High Speed Printing

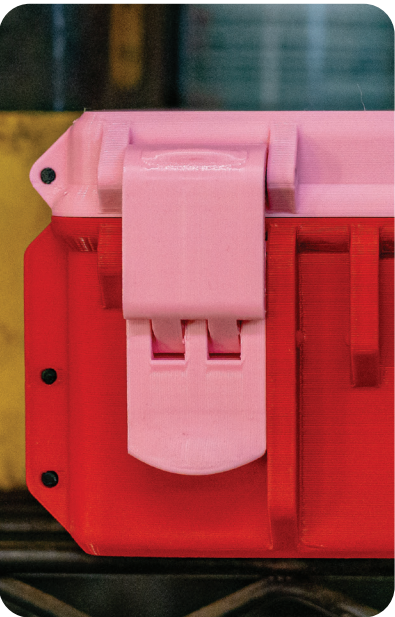

Durable & Tough

Layer Adhesion

Consistent Extrusion

THE CHALLENGE

Generic PETG's are slow printing, have a higher warping tendency, and are weaker at high speeds.

THE SOLUTION

Polymaker™ PETG, fast printing filament designed for modern printers, delivering strength, precision, and ease of use with its new capabilities.
