

Technical Data Sheet

Coat It Fabric & Leather Protect

Version: A
Date of Update: 01/02/2021

Coating system for porous leather and textile surfaces

Product Description

Coat It Fabric & Leather Protect is a coating system for porous leather and textile surfaces. Coat It Fabric & Leather Protect can also be used for fabric convertible tops.

Properties

Coat It Fabric & Leather Protect has a non-sticking technology and the textile surface will maintain its original texture, colour and look. Lifetime: 12 months or 20 washes.

Direction of use

Coat It Fabric & Leather Protect is ready to use.
Spray the product on the surface of the vehicle.
Wipe the surface clean with a dry cloth.
Apply only to a clean, completely dry textile surface and let it dry completely. Work in a well ventilated area.

Specifications

Physical state	Liquid
Colour	Colourless
pH	ca 4 (100%)
Density	ca 1 kg/l

Storage and Disposal

Keep only in the original container in a cool well ventilated place. Do not store in corrodable metal. Keep container closed when not in use. Protect from freezing. Dispose in a safe manner in accordance with local/national regulations.

Safety instructions for the user

In case of doubt, test the product first on a small surface.
Never let dry. Never use in direct sun, on delicate, alkali sensitive or hot surfaces. Never let it dry. Keep out of reach of children. Care should be taken to reduce the possibility of eye contact.
In case of eye contact, rinse immediately with plenty of water.
In case of ingestion, rinse mouth. Do not induce vomiting because of corrosive effects. Take to hospital.

Please check the MSDS.
