### FACTORY RESET GUIDE

## Shield

Turn off Shield. Tap and hold the touchpad of the 2 earbuds for about 10 seconds. When the LED light changes from red to green, the factory reset is successful.

After a factory reset, the LED lights of two earbuds flash in red, you will need to pair both earbuds again. Follow the instructions on the back of this sheet to do so.

---

### STEP 1

#### Pair and Connect 2 Earbuds

- 1 Tap and hold the touchpad for about 3 seconds.
 
- 2 LED lights turn on in solid green.
 
- 3 Two earbuds connect to each other automatically.
 
- 4 The LED light of main earbud (left channel) flashes in red & green, it gets into pairing mode with your mobile phone automatically.
 

---

### STEP 2

#### Search for 'Shield' through your Bluetooth device

Pairing successful, you can connect the earbuds to your mobile phone.

Select 'Shield' on your mobile phone. Connection completed.
