

Product information

HD 435 cleansing lotion

HD 435 at a glance

- Mild cleansing lotion for washing of the hands.
- Supports the skin's natural protective mantle - normal skin pH value.
- Dermatologically tested.

Properties

HD 435 from Dürr System Hygiene is a mild cleansing lotion. HD 435 has a pH similar to that of skin. HD 435 is suitable for hand washing.

Ingredients

AQUA, SODIUM LAURETH SULFATE, COCAMIDOPROPYL BETAINE, SODIUM CHLORIDE, PARFUM, SODIUM BENZOATE, METHYLPARABEN, SODIUM SULFATE, BENZOIC ACID, ALLANTOIN, CITRIC ACID, LIMONENE, LINALOOL, COUMARIN, CI 42051.

Directions for use

To wash the hands, first moisten the hands with cold water and then lather up with approx. 2 mL HD 435. Rinse the resulting creamy foam from the hands with water. Then carefully, but thoroughly dry the hands with a paper towel. We recommend using cold water to minimise skin swelling.

Environmental impact

The packaging is made of polyethylene and polypropylene and can thus be recycled or incinerated. For recycling, flush bottles with water.

Shelf life

12 months after opening

Container size

2.5-L bottle

1-L bottle

500-mL bottle

Storage

Store in a well-ventilated place. Keep container tightly closed.
pH: 5.0–6.0
