BOOST YOUR EFFICIENCY – WITHOUT COMPROMISING RESULTS

Why choose Charisma E4SY for your daily restorations?

- **Only 4 shades instead of 16 VITA® shades:**
Less complexity, same confidence
- **Designed with monochromatic ease for 90% of your restorations*:**
Proven versatility
- **Save up to 10 min per restoration*:**
Proven efficiency
- **Made in Germany:**
Backed by 90 years of expertise

CHOOSE IT. USE IT. LOVE IT.

Simplify your daily work with **Charisma E4SY** and enjoy a workflow that fits your technique and your patients' needs.

WHY IT WORKS

- One system for all cavity classes:**
 Ideal for everyday anterior and posterior restorations.
- Differentiation vs. traditional systems:**
 Unlike multi-shade composites, monochromatic layering with Charisma E4SY reduces complexity – without sacrificing aesthetics.
- Simplified handling:**
 Intuitive application, packable consistency, heatable if desired, available in syringe or PLT.
- Inventory advantage:**
 Fewer shades, less stock, lower costs.
- Workflow integration:**
 Add further simplicity to your workflow with Charisma Bulk Flow ONE in deep posterior cavities and GLUMA® Bond Universal for reliable adhesion.
- Simplified shade selection:**
 4 shades can replace 16 VITA® shades – less complexity, same confidence.
