MANAVI®

COLȚURI INTERIOARE ȘI EXTERIOARE LA 45°

Colțuri Pretăiate

Colțurile pretăiate Manavi sunt concepute pentru o îmbinare precisă și un finisaj continuu cu profilele liniare. *Tăiate la 45°, acestea reduc timpul de montaj și necesitatea ajustărilor, pentru un rezultat uniform și bine definit.*

[ENG]

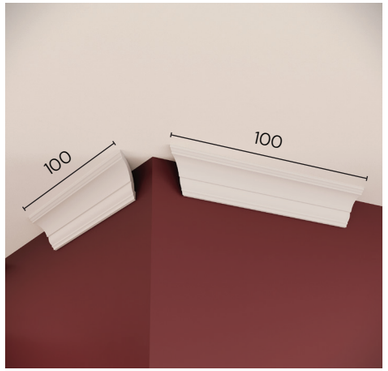

Manavi pre-cut corners are designed for precise joints and a seamless finish with linear profiles. Pre-cut at 45°, they reduce installation time and the need for adjustments, ensuring a clean and consistent result.
